CALL TO ORDER
Supervisor Cunningham called the meeting of the Tyrone Township Board to order with the Pledge of Allegiance on April 17, 2018 at 7:00 p.m. at the Tyrone Township Hall.

ROLL CALL

PUBLIC HEARING
Supervisor Cunningham opened the public hearing at 7:00 p.m. The purpose of the public hearing was to review the proposed Lake Shannon Road Improvement special assessment district and to hear objections to the proposed project. Dykema Gossett finance attorney Jim Kiefer, Livingston County Managing Director Mike Craine, and Livingston County Road Commission Engineer Jodie Tedesco were in attendance to answer questions.

A summary of comments made follows:

Andy Kopec (Ore Knob Dr.) supports the project.  
Kelly Kopec (Ore Knob Dr.) supports; it's a safety hazard swerving around potholes.  
Joe Pellat (Parkwood Ct.) supports.  
John Wiese (Parkwood Ct.) supports.  
Rod Johnson (Parkwood Dr.) asked what the project involves.  Mike Craine (LCRC) explained the existing road would be milled out and replaced, probably 1/2 inch higher, and will be a scheduled project.  
Unidentified Resident asked about the dirt roads.  Joe Pellat said the dirt roads will not be paved, but are included in the district because they derive benefit.  
Randy Andreen (Lake Shannon Ct.) supports; bikes the roads and said they are getting bad fast.  
Mark Kennedy (Starwood Dr.) supports.  
Dave Sheffield (Starwood Dr.) supports.  
Dave & Elaine Lantz (Ore Knob Dr.) support.  
Kurt Heier (Ledgewood Ct.) supports; would like see the grade and runoff improved.  
Bill Day (Ledgewood Dr.) doesn't understand why the road is being replaced, although areas need curbs and that should be addressed.  Mike Craine (LCRC) said the road commission advised curbing the roads years ago, but it greatly increases the cost.  
Deb Piper (Ore Knob Dr.) supports.  
Mike Laido (Surfwood Dr.) supports and will have to pay the assessment twice; has properties in both Tyrone and Deerfield Townships.  
Brian Hendricks (Ledgewood Dr.) objects; thinks improvement to the roads will allow speeders.  
Greg Carnes (Lake Shannon Ct.) supports; asphalt is overdue.
Steve Boshaw (Ledgwood Dr.) objects; stated the petition was not clear, the private roads do not derive benefit, the project needs to include speed bumps, lots of kids play in the roads and there are lots of accidents.

Marcia Dicks (Ore Knob Dr.) supports, but agreed speeding is a problem.

Mike Laido (Surfwood Dr.) agreed people speed, but it's not related to better roads.

Lyle Christensen (Parkwood Dr.) asked what the timeline is. Mike Craine (LCRC) said the project will take about 6-8 weeks and they would start in July. Mr. Christensen asked what the "sampling was of the 44-55% of the petition signers. Joe Pellat explained everyone starts out as a "no" vote, signing the petition is a "yes" vote; people against the project do not sign the petition.

Jim Merrow (Parkwood Dr.) supports, thinks the original road was great, but has failed. He thinks it's because of the poor drainage. Mike Craine explained the lifespan of any road is approximately 20 years and this road is 30 years old, so they've lasted an extra 10 years.

Brent Henry (Parkwood Dr.) approves.

Paul Sahr (Ore Knob Dr.) asked if the "circle" (cul-de-sac) would be "brought up to code" for emergency vehicles. Mike Craine said that kind of work is not being done with this project.

Julie Bell (Dean Rd.) opposed; that part of the road is rarely plowed.

Scott Wright (Ore Knob Dr.) supports; would like to see engineering snafu on curve corrected, said the road is tilted incorrectly and has seen about 30 cars off the road there.

Ken Ganapini (Ledgewood Dr.) supports, but adamantly opposed to the method of allocation. Mr. Ganapini asked who he specifically appeals to. Mr. Kiefer said he can appeal to the Michigan Tax Tribunal.

Rob Thompson (Driftwood Dr.) supports.

Alfred Chiu (Driftwood Dr.) supports.

Tim Peck (Ore Knob Ct.) supports, hoped drainage changes would not wear down the new roads, asked about curbs.

Steve Fedak (Surfwood Dr.) asked who would maintain the road going forward.

Mike Craine said the Livingston County Road Commission will maintain the roads and they'd hopefully get another 10 years past the 20-year life expectancy. He said he was all for curbing and guttering the road 30 years ago; it definitely adds cost to the project, but also value. Drainage does wear, but the typical life cycle of a road is 20 years.

Greg Witten (Parkwood Dr.) supports.

Sean Spinneweber (Driftwood Dr.) supports; commented it will be more costly the longer they wait.

Joe Pellatt (Parkwood Ct.) said the homeowners association got a quote in 2014 and the price has increased 20% since.
Frank Albrecht (Parkwood Dr.) asked about the "periodic reevaluation of 10%" and if it becomes a lien on the property. Jim Kiefer said the language per Public Act 188, allows the cost of the project to exceed the estimated cost by up to 10% without having to start the petition process over. Mr. Albrecht asked about project details. Joe Pellat and Mike Craine agreed it's a Catch-22, because detailed costs cannot be obtained at this point, until the SAD is approved. Mike Craine summarized the project; most of the road will be removed, crushed, and that will be used to raise the base. He expects the project to be finished before Labor Day, no additional curbs will be placed, and some of the prep work has already been done by the road commission.

Karen Albrecht (Parkwood Dr.) was concerned about unknown variables.

Chris Radcliffe (Ore Knob Dr.) asked if residents of Tyrone and Deerfield Townships will pay different costs. Jim Kiefer said the construction cost is the same for both townships, but administrative and publication costs would be different and the number of parcels changes the cost between the two townships.

Jim Greiner (Ore Knob Dr.) thinks the curve needs to be re-engineered and additional signage.

Danny & Julie Bell (Dean Rd.) opposed; said they don't think the roads are any worse than any other road in Michigan and there's no urgent need to replace.

Dave Domas (Ledgewood Dr.) said bad roads are dangerous, good roads are safer. He thinks waiting to repair the road will be far more expensive later.

Russ Spencer (Driftwood Dr.) supports.

Alan McLeod (Driftwood Dr.) supports.

Bruce Carr (Driftwood Dr.) supports. Regarding notification, he said the association has very much communicated this project.

Monica Laido (Surfwood Dr.) supports.

Joe Smulsky (Driftwood Dr.) supports.

[Unidentified] thinks the method of allocation is unfair.

Clerk Marcie Husted replied they felt it was the most fair; it's too hard to assess different rates for each individual resident. Joe Pellatt said every method will have inequities.

Seven letters of opposition and ten letters of support were received and are on file. Supervisor Cunningham closed the public hearing at 8:28. After a ten minute recess, the regular meeting reconvened at 8:38 p.m.
